

## The 2020 IPA Best Of The Best Under \$5 Million

Continuing a tradition that stretches back nearly 30 years, INSIDE Public Accounting (IPA) has unveiled the list of the Best of the Best public accounting firms in the nation for 2020. This group, the highest performers within the profession, is ranked on more than 50 metrics. The Best of the Best firms produce superior financial results while planning for long-term, sustainable growth.

“Best of the Best firms represent the top performers of their peer group, which is an exceptional accomplishment in the competitive world of public accounting. They excel by leaning in to help clients, being proactive, and seeking solutions – not just selling services,” says Michael Platt, principal of the Platt Group and INSIDE Public Accounting. “And while most firms can boast ‘having good people,’ one hallmark that is common across Best of the Best firms is their ability to leverage their team and create employee opportunities by building a work environment that team members are excited about and proud to work for.” ■IPA
